

The Landscaping of Caritas Christi

The Sisters of Charity of Seton Hill have worked to preserve the natural landscape at Caritas Christi, its motherhouse, and the surrounding property in order to reflect the natural habitat that is native to this region.

Veronica's Garden

Veronica's Garden is a beautiful enclosed garden adjacent to Caritas Christi's Elizabeth Ann Hall. The garden was specially designed to allow sisters living with infirmities to enjoy the outdoors while remaining indoors. This secure and pleasant outdoor space is also accessible by the adult day care clients at the Monahan Center. With special plants to attract birds and butterflies, Veronica's Garden is a busy sanctuary and a joy for the sisters at Caritas Christi throughout the seasons.

Landscaping

Nine years ago, we developed a landscaping plan that called for the addition of new trees, shrubs, and flowers every three to five years. Today, our grounds are in need of these improvements. Our ultimate landscaping goals are beautification and sustainability of indigenous plants and wildlife, creating an atmosphere of relaxation for both our sisters and visitors.

Fatima Grove

Fatima Grove overlooks Caritas Christi and is a favorite spot of the sisters and their visitors, offering a quiet place for prayer, meditation, and reflection. The message of Our Lady of Fatima is a life-affirming and faith-building message of hope and peace for all. The Fatima Grove features six 40-year-old statues depicting Our Lady's visitations at Fatima. A variety of shrubs and trees thrive in this venerable location, convenient to Caritas Christi.

Rose Hill

The primary focus of Rose Hill is the Sisters of Charity emblem, which is surrounded by junipers and rose bushes. Rose Hill is a visitor's first encounter with Caritas Christi and is full of vibrant color in the spring and summer months.
